EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

(I) In claims 14 and 15, both on line 2, the word "distances" has been changed to --distance-- respectively.

(II) In claim 16, line 2, before "work", "the" has been changed to --a--.

(III) In claim 20, lines 14 and 18, before "mating", --the-- has been inserted respectively.

(IV) In claim 20, line 15, after "calculated", the words "position as a" have been deleted.

2. The following is an examiner's statement of reasons for allowance:

The claimed system and method for determining a position of an implement arm having a work implement based upon the signals generated by the position sensor to sense the positional aspects of the implement arm and the load sensor to sense the direction of loads applied to the at least one joint to take into account shifting of the implement arm caused by clearances existing at the at least one joint between the mating components of the implement arm have neither been taught nor made obvious by the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
